

PRE-APPOINTMENT INFORMATION LASER HAIR

To ensure you get the very best results from your treatment, we recommend following the guidance below in the days leading up to your appointment.

- **Arrive with clean, dry hair.** Hair should be washed the night before your appointment, with no haircut or styling products applied.
- **Dry shampoo and root colour products** should be avoided on the day of treatment, as they may remain on the hair and transfer to the comb tip.
- **Avoid direct sun exposure** for 1 week prior to treatment.
- **Hair colouring** should be avoided for 48 hours prior to treatment.
- As part of your treatment journey, your therapist will take clinical photographs before, during, and after your course of treatments. These are essential for monitoring your progress and results.
